

PROTEK DEVICES QUALITY POLICY

ProTek Devices is committed to be the leading supplier of high quality transient voltage suppression products. Our dedication to quality is embodied in our manufacturing team, who strive for continuous product improvement. As always, our objective is to meet or exceed the requirements of our customers.

Quality is an integral part of ProTek Devices' management and production control process. Each and every aspect of our day-to-day operations is conducted in accordance with ProTek's quality policies, which are designed to integrate human, technical and material resources in a manner that results in optimum production consistent with the highest possible standards. There are no exceptions to this commitment.

In support of this commitment, expect ProTek to:

- DELIVER** consistent high-quality products
- PROVIDE** first-class customer service and support to our customers
- STRIVE** towards continuous improvement of our quality system
